

COMMERCIAL TOP LOAD WASHER

Huebsch® commercial top load washers combine the commercial qualities of larger capacity, front serviceability and durability with the attractive styling, cycle selections and ease of use of commercial/manual control washers. Huebsch top load washers deliver unmatched results and are compliant with the U.S. Department of Energy standards, making them the perfect combination of performance and efficiency.

LOW WATER USE

Huebsch top load washers meet current U.S. Department of Energy standards for commercial washers.

HIGH SPIN SPEED

With an industry-best final spin of 710 RPM, Huebsch top load washers remove more water from loads than many competing models. The end results are reduced drying times and lower utility consumption.

RUGGED DESIGN

Our top load washer is powered by a heavy-duty 1/2 horsepower motor. The washer performance is further fortified by an automatic balance system, which ensures cycles aren't interrupted by unbalanced loads.

UNMATCHED DURABILITY

Our commercial top load washer is manufactured at our Ripon, WI headquarters. The entire machine receives Huebsch's standard three-year warranty. In addition, Huebsch has more service representatives in the field than most brands have in their whole organization.

*Parts only, labor not included. See Huebsch Warranty Bond for specifics.

ELECTRONIC HOMESTYLE CONTROL

The Electronic Homestyle Control features a time-remaining display, six preset cycle buttons, cycle adjustability, additional cycle options and cycle status indicator lights.

COMMERCIAL TOP LOAD WASHER

Specifications		
Available Controls	Electronic Homestyle	Emech
Models	YWNE52PP113CW01	HWNMN2PP112TW01 HWNMN2SP112CW01
Capacity - lb (kg)	16 (7.3)	
Cylinder Volume - cu. Ft. (liters)	3.26 (92.3)	
Width - in (mm)	25 5/8 (650)	
Depth - in (mm)	28 (711)	
Height - in (mm)	43 (1092)	
Spin Speed - G-Force (RPM)	150 (710)	
Motor Size - HP (kw)	1/2 (0.37)	
Water Consumption per Cycle* - g (l)	24.3 (92.2)	
WF (Water Factor)	1.29	
MEF (Modified Energy Factor)	8.4	
Available Water Temperatures	3	
Available Cycles*	Heavy Duty, Normal Eco, Perm Press, Delicate, Rinse and Spin, Spin Only
