

INNOVATION PERFORMANCE DESIGN

## AN EVOLUTION OF INNOVATION

For more than 100 years, since our humble beginnings as Huebsch Manufacturing Co., Huebsch® has been at the forefront of the commercial laundry industry. Through our time as Huebsch Originators and our invention of the world's first open-ended tumble dryer, we've been dedicated to innovation — and that unwavering commitment continues today. Backed by Alliance Laundry Systems, the global leader in commercial laundry equipment, we continue to engineer equipment that's designed for reliability and performance. Combining unparalleled efficiency with the industry's most advanced Galaxy™ controls, Huebsch helps you save — and make — more money than the competition.

## DESIGNED FOR THE MODERN ENTREPRENEUR

Whether you're a seasoned investor or a new store owner, Huebsch can help define your goals and provide a clear vision for a new era in commercial laundry. We'll get you started with industry-leading services, such as in-house financing, site selection and store layout, as well as support from our nationwide network of expert distributors. And now, we bring you the next step in our laundry evolution: contemporary new control panel designs and features to modernize and customize your laundromat. With truly distinctive ideas to make your store environment your own, you can enhance the customer experience and differentiate your laundromat from competitors. We invite you to explore the possibilities.

# CITRON

A witty mix of style and texture, plus a **daring splash of color** — this, to us, is true expression. It's a look that allows you to capture your own unique, contemporary character in memorable, invigorating ways. Be bold with **CITRON** control panels, and customize your space with designs as creative as you. Then, be prepared to minimize your utility costs and maximize your revenue with game-changing, performance-based features. With Huebsch®, you can add a burst of color — and create a surge in your cash flow.

Visit [Huebsch.com/Vend](https://www.huebsch.com/Vend), and revitalize your space with Huebsch.

# CITRON

## CONTEMPORARY EXPRESSION

Discover how a surprising hue can **energize your laundromat** and elevate the customer experience. Breathe new life into your space with the vibrant punch of color on our **CITRON** control panel, available on Huebsch® washer-extractors, tumble dryers and stacked tumble dryers with Galaxy™ 600 controls.

# CITRON

## STAND OUT WITH MAXIMUM REVENUE

Huebsch® equipment is **engineered to increase efficiency**, reduce utility costs and improve revenue like no other. They feature revolutionary Galaxy™ 600 controls along with industry-leading innovations — including cycle modifiers, time-of-day pricing and 24 customizable cycle selections — to stimulate your profitability and help you achieve your laundromat dreams.

For more ways to maximize revenue with Galaxy 600 controls, visit [Huebsch.com/Galaxy](https://www.huebsch.com/Galaxy).

# SLATE

Nuanced neutrals and **classic inspiration** have come together in a design so dignified that it will make even the most refined designers swoon. Halo door rings and polished chrome handles, in addition to **SLATE** control panels, bring quality and dimension to your space. With this look, there's no brand more welcoming or more comforting than Huebsch®. Imagine the ways you'll make it your own, and envision the unbelievable revenue-generating and money-saving possibilities you'll gain with Galaxy™ 600 controls.

Visit [Huebsch.com/Vend](https://www.huebsch.com/Vend) to add tasteful touches to your laundromat with Huebsch.

# SLATE

## THE NEW CLASSIC

Create an ambience of timeless luxury with the **SLATE** control panel. Standard on all Huebsch® washer-extractors, tumble dryers and stacked tumble dryers the SLATE aesthetic is pure minimalism and complements any **distinguished design**.

Find more details about Huebsch equipment at [Huebsch.com/Vend](https://www.huebsch.com/Vend).

# SLATE

## EFFICIENCY THAT MAKES A STATEMENT

Form and function come together with Huebsch®. **Designed with innovation** and efficiency in mind, Huebsch equipment offers advanced Galaxy™ 600 controls, 200 G-Force, eBoost™ technology and Water Guardian Leak Protection™ to deliver uncompromising performance that will set your laundromat apart.

Visit [Huebsch.com/Galaxy](https://www.huebsch.com/Galaxy) to see how you can optimize efficiency with Galaxy 600 controls.

# HALO

## HALO DOOR RINGS AND POLISHED CHROME HANDLES

Halo door rings and polished chrome handles bring you more ways to add sensory elements to your laundromat. These **modern accents** are sleek and easy to keep clean. And the new hard-loading handles are extremely durable. Like all of our equipment parts, we test them against the highest standards to ensure they are more reliable than any others.

## A MODERN TAKE ON DURABILITY

New durable and dependable Galaxy™ 600 washer-extractors come equipped with polished chrome handles. Halo door rings are available as an on-trend upgrade to washer-extractors, tumble dryers and stacked tumble dryers. To **reinvigorate your space** and elevate the look of existing Galaxy 600 equipment, original door rings and handles on current equipment can be updated with the sharp new chrome designs.

Visit [Huebsch.com/Vend](https://www.huebsch.com/Vend) to learn more about the dependability of Huebsch machines.

# GALAXY™ 600 CONTROLS

Huebsch® equipment is not only designed for the savvy, modern-day investor, it's also engineered to save and make you more money. **CITYSCAPE**, **CITRON** and **SLATE** all come with industry-leading Galaxy™ 600 controls to bring you utility-reducing, revenue-increasing technologies. And with Galaxy 600 controls on both washer-extractors and tumble dryers, you can create **a fully programmable store** for ultimate vended laundry management. Quickly and easily program and monitor all of your machines from a PC or laptop to take performance to unthinkable new heights. Intuitive controls as well as convenient performance data and alerts give you total power over your laundromat. Exclusive eBoost™ technology uses 33 percent less water per cycle and reduces non-wash water below the cylinder. Powerful 200 G-Force extraction removes more water from loads to reduce dry times. And patented Water Guardian Leak Protection eliminates wasted water and resources by detecting leaks at both the drain and fill valves. It all adds up to the most efficient equipment on the market — as well as the best looking.

The SLATE control panel comes standard on washer-extractors, tumble dryers and stacked tumble dryers with Galaxy 600 controls. CITYSCAPE and CITRON are available upgrades.
